

Prerequisites, training, & assessment modalities for workshops

Prerequisites

- This is a beginner-friendly program (no prerequisites).
- This workshop can be taught in English or French. A good level of language proficiency is recommended (for non-native speakers, a CEFR level of A2 or a TOEFL score of 50).
- For a remote course, and where applicable, access to a laptop (PC or Mac). It must be no more than four-years old and able to run the most recent operating system.
- If remote, a webcam, headphones, and good access to the internet are required.

Training modalities

- Expert-led instructors with experience in the field.
- If remote, training with a videoconference tool (e.g., Zoom, MS Teams).
- Group exercises throughout the workshop to apply concepts learned to concrete cases.
- Where applicable, 24/7 access to online pre-work on our myGA platform.
- Where applicable, access to a collaborative online space to connect with instructors and

Assessment modalities

To validate training, participants are required to:

- Attend the workshop and be present through the training.
- Pass the final quiz at the end of the workshop.
